Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Computer Sciences Corporation of Falls Church, VA, is being awarded a \$2,842,286 indefinite delivery, indefinite quantity-type contract with cost-plus fixed-fee pricing for engineering services and personnel for the technical and administrative operations and maintenance of the Ballistic Missile Defense Organization's, Innovative Science and Technical Experimentation Facility (ISTEF). Contract efforts will primarily support engineering services, research and development and the operation and maintenance of all optical, electronic, and mechanical systems and subsystems at ISTEF for the Space and Naval Warfare Systems Center San Diego Electromagnetics and Advanced Technology Division, Code D85. This contract contains a one-year base period and four one-year options, which, if exercised, will bring the total cumulative value of this contract to \$14,913,825. All work will be performed in Florida. The period of performance is from March 28, 2001 through March 27, 2006, inclusive of options, if exercised. Contract funds in the amount of \$450,000 will expire at the end of the current fiscal year. This contract was competitively procured, published in the Commerce Business Daily and posted to the SPAWAR E-Commerce web site. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-01-D-0023).
